The League of Women Voters is a nonprofit and nonpartisan political organization that encourages active participation in government and influences public policy through education and advocacy.

The League never supports or opposes candidates for elective office. We do take consensus-based positions on certain ballot measures following careful study.

Alameda League members study local issues, observe meetings of government bodies, assist with voter registration, and monitor local elections. We sponsor candidate forums, coordinate the non-partisan Voter's Edge website, offer neutral Pro and Con explanations of ballot measures, distribute Easy Voter Guides in several languages, and advocate for issues studied and supported by the League of Women Voters at the local, state and national levels (visit LWV.org and LWVC.org).

Membership in the League is open to all persons ages 16 and over—men as well as women.
